

Coordination meeting for black vulture reintroduction projects in Europe

Objectives

1. To facilitate and enhance communication between different stakeholders
2. To map out the current and planned reintroduction projects on black vultures in order to detail the number of birds needed & the timing of the requests.
3. Agree roles and responsibilities among all NGOs active on reintroduction projects relative to the projects, the Spanish Ministry and the regional administrations (Juntas) in Spain

An agreed document with a joint request regarding number of birds needed for reintroduction projects in the next few years – to take to the ministry on Friday and also to send to the Juntas
